The warrants issued by the Treas ury Department during May, to meet the requirements of the Government, amount in round numbers to the following sums: Civil, miscellaneous and foreign intercourse, \$3,134,600; interest on the public debt, \$19,831,006; Interior Department, Terrifories and Indian Department \$1,038,000; total, \$30,663,000. The warrants issued for the redemption of the public debt are

There is good authority for stating that the only authority upon this subject possessed by the Department, is that intelligence reached Rio Janeiro on the 7th of April of the arrival at Ascuncion of the United States Minister resident to Paraguay. One account received om there reads as follows: "The American Minister has accepted from Lopez and is now under the protection of the Brazilian authorities in

The offieagerly desired to change the garb of the student for military costume, and, before he graduated, cap and gown were cast aside, and he sought military life and adventure in Austria, where he obtained a lieutenancy in a hussar regiment.
